MERCHANT SOLUTIONS

The complete point of sale solution from patientNOW

Full-service. All-encompassing. Fully integrated. patientNOW's Clover™ point of sale solution meets all your needs:

FOR PAYMENTS...

- Card-present transactions can be processed at patient check-out. The sale amount is communicated from patientNOW to the Clover device and the approved payment shows up in patientNOW invoice.
- Enter the patient credit card and save it in patientNOW to facilitate card-not-present transactions such as placing phone orders or taking deposits for online scheduling.
- Add a payment links to invoices and quotes sent via email to allow for more convenient payment options.

FOR PROFITS...

- **Our fee structure is simple!**
No transaction fees or additional processing fees such as statement, batch closure, batch settlement, or customer service fees!

FOR PROGRAMS & PRODUCTS...

- Supports automatic re-occurring invoices for membership and loyalty programs.
- Tracks gift cards and patient points for loyalty programs with seamless integration in patientNOW.
- Integrates bar code scanning for rapid checkout and inventory control within patientNOW.

FOR PROCESSES...

- Accurately allocate commissions for staff.
- Integrates detailed credit card reporting for quick and easy end-of-day closing.
- Reduce or eliminate embezzlement and fraud in your practice with functionality designed to protect the business owner including full audit trails of all actions.

One FREE Clover unit is included with patientNOW.
Additional units are available for purchase.
